PROFESSIONAL SUMMARY

I am a motivated third year CSE student with experience in Python programming and a strong interest in applying technical knowledge to real world challenges. Eager to gain practical experience and knowledge as a professional, I bring a problem solving mindset, adaptability, and a passion for learning. I aim to contribute effectively to engineering and tech-driven teams while enhancing my skills through meaningful, on-the-job experiences.

WORK EXPERIENCE & SKILLS

Company Name: Veranda

- Participated in a workshop training program provided by Veranda Learning, where we received practical knowledge about various ML concepts and how to apply them using Python and its modules like pandas, scikit-learn etc.
- The experience also provided insights about the tasks and responsibilities and work of a ML engineer in cleaning and preprocessing the data
- Also received basic practical knowledge about HTML & CSS

Internships:

- Web Development Internship provided by EISystem Technologies. Through this internship, I was able to learn and apply JavaScript programs and also learned the basics of website creation and maintenance.
- AI & Cloud Internship provided by IBM and Edunet Foundations. This internship taught me various things about Machine Learning, IBM Cloud and AI Chatbots.

Technical Skills:

- Python (Intermediate)
- MySQL (Intermediate)
- HTML & CSS (Basics)

Soft Skills:

- Time Management
- Team Player
- Creative and Adaptable

ACADEMIC HISTORY

JAIN (Deemed-to-be) University I

*Bachelor of Technology, Computer Science
Engineering
(Specialization in AI & ML)*

Don Bosco Senior Secondary School, Guwahati, Assam (2010-2023)

*10th Board (CBSE) with **Percentage: 87%***

*12th Board (CBSE) with **Percentage: 79%***

PROJECTS:

*A simple web calculator using HTML, CSS &
JavaScript*

Basic Recipe Agent using Python and Flask

*A Basic Facial Recognition System using PyTorch
and YOLO*
